

A twin-engine turboprop aircraft, the Diamond DA62, is displayed in a hangar. The aircraft is silver with blue and black accents. The registration "N691DA" is visible on the side. The hangar has a blue and white striped wall with "Premier" written in a large, stylized font. Three vertical banners are hanging on the wall, each featuring the Diamond Aircraft logo and a different image: a Diamond aircraft in flight, a close-up of the cockpit, and a Diamond aircraft in flight. The aircraft is parked on a light-colored floor. The overall scene is well-lit and professional.

Premier
Aircraft

Founded by pilots and built around relationships, Premier Aircraft Sales takes a more personal, hands-on approach than the typical aircraft brokerage. From initial conversations and market guidance to demos, delivery, training coordination, and ongoing support, our team stays closely involved throughout the entire process — not just the transaction.

As the leading Diamond Aircraft dealer in North America and a proud authorized Diamond Aircraft service center, we combine deep product knowledge with factory-backed maintenance expertise and a genuine passion for aviation. From aircraft acquisitions and sales to inspections, maintenance, upgrades, and owner support, our team is committed to helping buyers and sellers feel confident, informed, and supported long after delivery day.

Premier Aircraft makes effort to ensure accuracy of the description and specifications but make no guarantees. All specifications are subject to verification by buyer, and the aircraft is subject to prior sale. Buyer is responsible to ensure that the aircraft and its components are as described.

A group of approximately 25 people, mostly men, are posed in two rows against a large American flag. The front row consists of 15 people, and the back row has 10 people. Most are wearing dark blue polo shirts, while others are in white polo shirts. A man in the front row is holding a small brown dog. The background is a large American flag with the stars and stripes clearly visible.
