Founded by pilots and built around relationships, Premier Aircraft Sales takes a more personal, hands-on approach than the typical aircraft brokerage. From initial conversations and market guidance to demos, delivery, training coordination, and ongoing support, our team stays closely involved throughout the entire process — not just the transaction.

As the leading Diamond Aircraft dealer in North America and a proud authorized Diamond Aircraft service center, we combine deep product knowledge with factory-backed maintenance expertise and a genuine passion for aviation. From aircraft acquisitions and sales to inspections, maintenance, upgrades, and owner support, our team is committed to helping buyers and sellers feel confident, informed, and supported long after delivery day.

Premier Aircraft makes effort to ensure accuracy of the description and specifications but make no guarantees. All specifications are subject to verification by buyer, and the aircraft is subject to prior sale. Buyer is responsible to ensure that the aircraft and its components are as described.
